The Tea Story

According to the Cha Jing (Tea Classic), written by Lu Yu, the tea master in Tang Dynasty, Tea was discovered by Shen Nong (meaning Divine Farmer), the founder of herbal medicines.

Legend has it that tea was first founded in China in about 3000 years B.C.... "One day in Spring, Emperor Shen Nong was under a camellia tree, by a fire place, and a few dried leaves drifted down and soaked into the pot of boiling water. The Emperor took a sip and was much impressed by the lingering sweet taste and delicate aroma..." The art of tea appreciation has now become a popular enjoyment around the world. Integrating our expertise in tea and drinks with the traditional Chinese culture, Sago Tea Cafe sincerely presents the unique combinations and varieties of premium tea to our customers.
